## LEARNING RECOVERY PROGRAMME

[Home](#)[About](#)[Support](#)

### Feature of Learning Recovery programme

The education of more than 1.5 billion students world-wide has been hampered due the global pandemic. Due to the pandemic, many students in our country had to manage with online education for the past few years, but many students did not even get this opportunity due to lack of infrastructure. In order to compensate this, the Odisha School Education programme Authority (OSEPA) is implementing the learning recovery programme for students from Class III to IX.
